

OUR HEALTH IS YOUR HEALTH.

Having Greenwood Leflore Hospital as an integral part of our community is something that's easy to take for granted. It's been here for 116 years, and until recently it's been assumed that it would be here forever.

Although there is a glimmer of hope that we can remain open longer than expected while a permanent solution is determined, much of that depends on you. And **your health** depends on having vital services close by, including an emergency

department as well as the following services that are still open.

These departments are staffed with highly qualified and dedicated employees who are here to take care of you and your family. If you need any of the

following specialties or diagnostic testing, please consider what this means for the future of GLH, and talk to your provider about keeping your healthcare services local.

-
- + Cardiology
 - + Emergency
 - + Family Medicine
 - + Gastroenterology/Endoscopy
 - + Interventional Radiology
 - + Laboratory Testing
 - + Neurology
 - + Outpatient Cardiopulmonary Diagnostic Testing (EKG, Pulmonary Function Test, Echocardiogram, EEG, Stress Test, Holter Monitor)
 - + Outpatient Infusion Services
 - + Podiatry
 - + Radiation Oncology
 - + Radiology Diagnostic Testing (Mammogram, Bone Density Scan, MRI, CT, PET Scan, Ultrasound, Nuclear Medicine, X-ray)
 - + Rehabilitation (Physical, Occupational, Speech, Cardiac)
 - + Retail Pharmacy
 - + Surgery (General, Vascular, Orthopedic, ENT, Urology)
 - + Wellness Center
 - + Wound Care
-

There's never been a more important time to take care of your health while improving that of GLH—now and into the future.

Greenwood Leflore Hospital
The right care at the right time
